Dear Partner in Ministry:

I hope this letter finds you being blessed of God indeed. It's truly a great time to be in the ministry.

If you are like me, I am always praying and seeking new ways of reaching people with the gospel message. I often ask, "What can I do to present the ageless message with new packaging?" Obviously we never want that message to change, but we are ever looking for other methods.

I would like to introduce you to a couple—Loren and Robin Dunfee—who are the most creative and godly couple I have ever met. I have personally had them in the church I pastor on two different occasions. God used them in a mighty way with hundreds of people coming to know Christ! Their sweet spirit combined with their passion for evangelism has made an eternally-significant difference in our church.

Loren and Robin are embarking upon an exciting new journey through drama and media. It is called ***The Newscasters in Final Destination***. This new drama that they have written and will oversee in a church revival-type format is sure to be used of God to touch the lives of people—all kinds of people.

My encouragement is, please give them an opportunity. They have my highest recommendation. You will be so very glad you used them. Your church will love what God does through them and many lost people will love the fact that through this presentation, they met Jesus Christ.
